MyPerfectColor REACH Compliance

Under the definition of the REACH regulations EC1907/2006, MyPerfectColor is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight.

Based on the material content certification provided by MyPerfectColor suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, MyPerfectColor products do not contain any of these SVHC in excess of 0.1% by weight.
